Dear Ms. Johnson:

Enclosed are three (3) copies of the Draft Action Memorandum for Metals Contaminated Soils for the Camp Allen Salvage Yard (CASY). Copies of the Action Memorandum have been sent to the Naval Station Norfolk Partnering Team for their information only. The Action Memorandum has been prepared in accordance with USEPA guidance, and follows the format of other Action Memorandums prepared for Navy IR sites. Attached to the Action Memorandum is a Revised Final EE/CA, which incorporates comments received on the Final EE/CA from USEPA Region III on February 26, 2002. A Responsiveness Summary is also included, providing a written response to those comments.
